

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF EDUCATION
Office of Educational Technology**

TO: District Technology Coordinators

FROM: Dr. Cathy Higgins, State Educational Technology Director

DATE: March 11, 2010

SUBJECT: Donated Computers from Federal Agencies

From time to time, the NH Department of Education receives donated computers from federal agencies for the purpose of distributing them to NH schools in need of additional equipment. Federal policy requires agencies to update their equipment every 3 years. Current specs on these computers are generally as follows:

Dell Servers:

- Dell Power edge 2500, Raid 5 array, towers
- Dell Power edge 2600, Raid 5 array, rack mounts

Desktops:

- Dell CPU Tower
- Dell 17 or 19" monitor

Several photos are attached to give you an idea of the typical units. If you have schools with computers to student ratios greater than 5:1 or schools that are in need of additional servers, and you could put these units to use almost immediately, please [submit a request using this link](#).

Our IT staff will contact you to schedule a time to deliver the equipment to you.

Questions? Email me at chiggins@ed.state.nh.us or 603-271-2453.
